Elizabeth became The Queen in 1952

After her father George VI had died

It didn't come out of the blue

Tears had to be dried

She changed her point of view

Started to travel around the world

08.03.13

So passed the first decade

After all, the Queen wasn't afraid

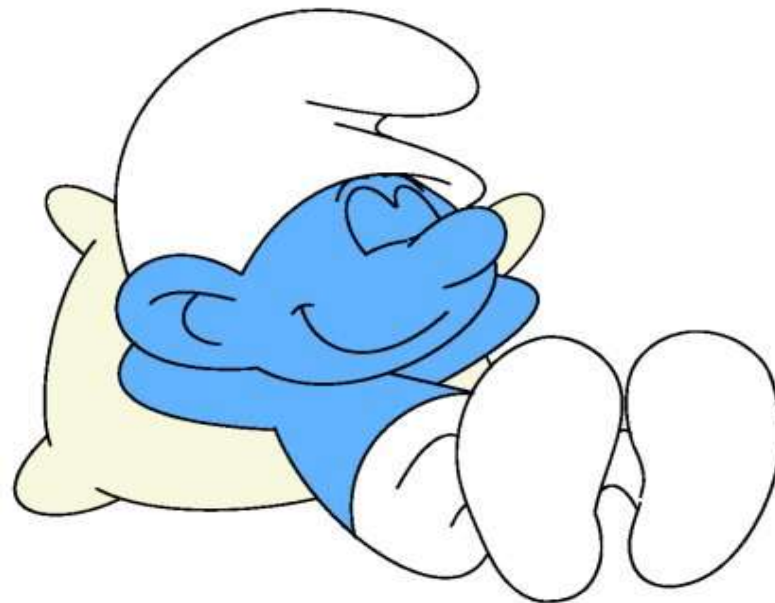

08.03.13

A public gallery was opened in 1962
to display the Royal Collection

08.03.13

There was no time to eat fondue
or sit back and enjoy confection

Also her fourth child was born
all you could hear was a cheering horn

08.03.13

In 1977 already 25 years as Sovereign
street parties were held around the United Kingdom

08.03.13

I am pretty sure it didn't rain
an unhappy face was rather seldom

In 1986 she reached the age of 60
celebrations were held in London

No complains, she still was healthy
ready to reign on and on, and on

In 1997 already a Golden Wedding

Philip had stood 50 years next to her

08.03.13

Their marriage seemed easier than sledding

It is because he looks like a decent sir

08.03.13

In 2012- sixty years on the throne!

Precious Diamond Jubilee

08.03.13

She reached another milestone

Is there another woman, as wonderful as she!?

08.03.13

NO!

Thank you, thank you Queen!

08.03.13

Thank you!
